A simple, mobile-friendly calculator that helps you pay yourself first, cover needs, and see your guilt-free Fun Fund.

Automation Blueprint

Set your finances to run on autopilot using these proven automation steps.

Automation System Steps:

- Set up auto-transfers for savings & investments
- Use auto-pay for recurring bills to avoid fees
 - Link accounts to budget tracking apps
- Review automations monthly for optimization

You're now equipped to build financial freedom — automatically.
